Recruitment of foreign MD to teach in our English medical Curriculum

Shantou University Medical School – a rapidly growing medical school located in coastal Guangdong Province of China (a 40-minute flight from Hong Kong), jointly funded by the government and Li Ka Shing Foundation, is recruiting full or part time clinical faculties.

Clinicians in any specialties, are welcome. The clinician must have a very good command of English language and clinical and teaching experience in a western health facility. He/she will teach medical students via lectures & in small groups. The English curriculum has students from China, USA, Australia, etc. A 12-month stay is most preferable, shorter duration is negotiable. The School will provide a decent salary and comfortable accommodation. Interested candidates may contact Dr. William Au (Professor and Chairman, and also Adjunct Professor at University of Texas Medical Branch, Texas, USA) for more information. Email: wau@stu.edu.cn.
